Course	Objective	Grades	Duration	Format	Cost
Sound Foundations	This course is for all educators seeking a greater understanding of orthographic mapping, phonemic awareness, and phonological awareness, and how to apply those theories to practice within the classroom.	K-5	30 hours	Same cost for Virtual or In person	• $1500 per educator • $3500 for a group of three educators • $500 per each additional educator if purchasing a group of three seats
Morphology	Educators will use this course to help students develop robust vocabulary skills as a foundation for reading comprehension.	K-5	30 hours	Same cost for Virtual or In person	• $1500 per educator • $3500 for a group of three educators • $500 per each additional educator if purchasing a group of three seats
Syntactic Analysis	Educators will use this course to help students develop sentence analysis skills as a foundation for sentence comprehension and construction.	K-5	30 hours	Same cost for Virtual or In person	• $1500 per educator • $3500 for a group of three educators • $500 per each additional educator if purchasing a group of three seats
The Academic Gym (T.A.G)	The Academic Gym is a vital component of our multisensory training in the science of reading. TAG is visual, interactive, tactile, active learning, and can be incorporated in the phonological, morphological, and syntactical aspects of the science of reading. TAG keeps students engaged and motivated as they study the science of reading. It makes learning a treat by getting kids on their feet.	K-5	18 hours	In person	• $1000 per educator • $2685 for a group of three educators • $400 per each additional educator if purchasing a group of three seats
S.M.A.R.T. LMS	We show educators how to use our ScholarSkills Multisensory Academy for Reading Teachers (S.M.A.R.T.) to offer instruction, motivate students, and assess student progress.	K-5	18 hours	Virtual or In person	• $1000 per school
